The Annual Junior and Bantam curling windup was held with 75 attending, 66 on-ice participants!! Great job Ron Silver and Kim Beaudry for all the time these coaches put into this program.

The Board of Directors are currently working on a proposal for a Geothermal System. Grants have been applied for and we are hoping to hear back from the Ministry by June. We will be sending a mass email to those members who have given us their email address and we may need to call a special meeting to call for a vote as this will also need additional funding from our members. Stay tuned.
